Post Topic: Zionist Israel founded by Mafia Criminals

Posted: 06 October 2007 at 10:46pm

The Jewish mafia criminal Meyer Lansky, amongst others, smuggled guns illegally from New York City to Palestine in preparation for Zionist Israel's 1948 declaration of independence.

Here is an article: <http://nynerd.com/jewish-gangsters-of-the-1920s-30s/>

Here are some excerpts from this article, to which I would like you to pay close attention:

Quote There are few excuses for the behaviour of Jewish gangsters in the 1920s and 1930s. The best known Jewish gangsters ♦ Meyer

Lansky, Bugsy Siegel, Longy Zwillman, Moe Dalitz ♦ were involved in the numbers rackets, illegal drug dealing, prostitution, gambling and loan sharking. They were not nice men.

During the rise of American Nazism in the 1930s and when Israel was being founded between 1945 and 1948, however,

...

Few of these men were religiously observant. They rarely attended services, although they did support congregations financially. They did not keep kosher or send their children to day schools.

However,

...

No one should paint gangsters as heroes. They committed acts of great evil. But...

Jews are above the law. They can break the law and commit acts "of great evil", but that's ok.

Here is another quote from the article. Please pay attention:

Quote Historian Robert Rockaway, writing in the journal of the American Jewish Historical Society, notes that German-American Bund rallies in the

New York City area posed a dilemma for mainstream Jewish leaders. They wanted the rallies stopped, but had no legal grounds on which to do so.

New York State Judge Nathan Perlman personally contacted Meyer Lansky to ask him to disrupt the Bund rallies, with the proviso that Lansky♦s henchmen stop short of killing any Bundists. Enthusiastic for the assignment, if disappointed by the restraints, Lansky accepted all of Perlman♦s terms except one: he would take no money for the work. Lansky later observed, ♦I was a Jew and felt for those Jews in Europe who were suffering. They were my brothers.♦

Nathan Perlman, a sworn public servant of America, not only sought out and contacted a known law-breaking felon, but offered to bribe him to boot.

In case it is ambiguous to anyone ♦ may I suggest you cut back on the alcohol? ♦ Jews are above the Law.

Quote Jewish gangsters also helped establish Israel after the war. One famous example is a meeting between Bugsy Siegel and Reuven Dafne, a Haganah emissary, in 1945. Dafne was seeking funds and guns to help liberate Palestine from British rule. A mutual friend arranged for the two men to meet.

♦You mean to tell me Jews are fighting?♦ Siegel asked. ♦You mean fighting as in killing?♦ Dafne answered in the affirmative.

Siegel replied, ♦I♦m with you.♦

For weeks, Dafne received suitcases filled with \$5 and \$10 bills ♦
\$50,000 in all ♦ from Siegel.

Some have observed that despite their disreputable behavior they could
be good to their people too.

Lansky sought asylum here in Israel in 1972 the same year I made aliyah (immigration) with my mother and her second husband. He was refused the right of return on account of not being human let alone Jewish. They stopped his ass at Lod Airport and shipped it back to the U.S.

Bismark did you know that Hitler was a Christian? Does that make all Christendom responsible?

Those Looney tunes that flew air planes into the Twin Towers are they the pride of Islam?

What part of NO don't you understand?

You have said that Meyer Lanksy was not even human, much less Jewish.

Do you deny that Israel was founded with the guns and money this "sub-human" criminal illegally shipped in to Palestine in the years leading up to 1948?

According to Daniel Dworsky, then, Israel was founded, in a large part, by the actions of a "less than human" criminal. Those are harsh words, but I am not inclined to dispute them, save to do as ordered (Matt 5:44; Rom 12:14) and pray that Allah, as befits His Will and Greatest Mercy, looks kindly upon Meyer Lanksy's soul.

No it isn't. No one needs a reason to be an anti-semit. They just are.

It is only in recent history that anyone has had a legitimate beef with the jewish people and then only regarding Zionism. Zionism is the product of anti-semitism. We had no where to go and nowhere to be. My people were suffering terrible and unfair persecution. Granted, It doesn't excuse our st**id policy in Palestine that result in loss of life and violations of basic human rights there but folks, you might own up to the fact that more than a handful of your ancestors and this Nazi bastard's present gleeful search for a handful of Jewish criminals is not a rational response to Judaism.

In the meantime, We've got: Protestant on Catholic; Suni on Shiite on

Hindu...

The only thing your self disenfranchised asses can all agree on is that they all hate Jews.

At least show some gratitude to the Jewish people for providing this opportunity to unite the world against a common enemy.

Well, unless of course some nutter claiming to be the heart of Islam decides to take out a couple of buildings in Manhattan and get the entire western world to mentally link the call of "Allah Akbar" to murderous intent.

You're right it's not funny. I'm certainly not laughing.

Daniel, I'm also not laughing. I dont think it funny at all that people keep having a go at the Jews.

I have no problem with the Jews, yet I'm muslim. I dont hate the Jews one bit. I dislike what people do from time to time. And that covers people from all religions, including the once I choose to follow.

It seems to me that grown adults behave like spoilt children, in a 'free for all grab a toy, thats my property' party'. When the toy gets broken the child still complains.

jewish people and then only regarding Zionism. Zionism is the product of anti-semitism. We had nowhere to go and nowhere to be. My people were suffering terrible and unfair persecution.

In short, Jews are poor and innocent in Europe, minding their own business and being put upon by hate-filled, bigoted Euros.

In justifiable self-defense, they react with Zionism.

QUESTION:

Now, this is an "end of the day" type question. Of course, there's this reason, that reason, the other... this justification, etc.

Do you understand what I'm saying? Will you please refrain from mincing words and splitting hairs, and just admit you "know what I mean"?

This is an "end of the day" type question:

At the end of the day...

Western Europe was forcibly converted to Roman Catholicism at sword point, on pain of death, against their indigenous will...

And soon Jews followed the Catholics into Western Europe...

and became, with the backing of the Roman Church, the bankers and money lenders of W. Europe...

and thereby the Jews, as a group, became as wealthy and wealthier than kings and princes...

in a "Catholic Occupied" Europe of peons forced to pay heavy taxes to the Roman Church.

In other words, amidst dirt, squalor, poverty, and woe for the masses of Europeans...

Jews, backed by the Catholic power, and living inside lands to which they had utterly no historical claim, became (as a group) extremely wealthy.

Poor, dirty Germans, Poles, and Europeans look across town to see foreign immigrants living high off the hog, in their (German, Polish, European) ancestral Fatherlands ♦ and associated with the tyrannical Catholic power that was taxing them into the gutter.

Factually true, or false?

In other words...

legitimate and fact-based criticism of Zionists and Zionism...

is impossible. (!)

According to themselves, Zionists can do no wrong. They never commit crimes or ever do anything worthy of condemnation or criticism.

THUS, if anyone criticizes Zionism, they are the problem.

PS: As you are welcome to verify, a Criminal Mentality ♦♦the

mindset of thugs, thieves, muggers, and other criminals which rationalizes their criminal behavior ♦ is one that always denies responsibility and blames others. Criminals never "own up" and take responsibility for their actions, they never "repent", they are hardened to their crime and always "blame the other guy".

Criminal Mentality = "it's always the other's fault"

I will do my best to restrain myself.

(1) I am Bismarck. In my life, I have stolen several GI Joe figures (as a child). The total dollar value of my criminal behavior is roughly \$10.

(2) Meyer Lansky plundered from America, through his many crimes, around \$100,000,000.

CONCLUSION: By dollar value, Lansky is 10 million times more of a criminal swine than Bismarck. That's seven

orders of magnitude.

When Bismarck points this out...

Bismarck is an "anti-Semite"...

which is worse than being a big-time criminal.

SUMMARY: Meyer Lansky can steel 10 million times more than you, and still be a saint compared to you (in the hearts and minds of supporters of Zionist Israel).

Lansky was a criminal who happened to have a jewish heritage and in the shadow of his advancing cancer sought to buy his way into the "next world"by donating spare change to Zion.

Jews lived in poverty in Europe for hundreds of years there was no collusion between the church and the rabbinate to handle the money

lending and banking.

We were allowed no other jobs. We payed out "loans" some were returned with interest but when over extended your bloody lot would decide it was time to have a "pogrom" an ethnic cleansing that cleared all debts and records of debts including lenders, agents -their wives and children. We were set up like this for this purpose like a harvest.

We were denied any other kind of employment. This was not an accident. This was a trap.

Funny that Jews are associated with the image of money hungry parasites. Bless You with an F. We were the hosts - bled dry and then devoured on a regular basis country after country year after year made to live in ghettos like rats
We invented the word Ghetto- the root ghett means "divorce".

You would do well to restrain yourself

PS I'm reporting you to the Mattel toy company you thieving Kraut Pastry

I would call your syllogism, rather, glaringly reductionistic.

But, then again, with the possible exception of the incident of the stolen GI Joes, I have learned not only to distrust your simplistic readings of history, Bismarck, but even more the conclusions that you draw ♦or would have us draw- from those readings. This present thread is both thematically and logically similar to others that you have started. I am, for instance, still waiting for you to provide something in the nature of upper-case ♦PROOF♦ that ♦Jews own Europe,♦ as you contended, in this by now unremembered and sadly languishing thread, the one that you started and quite inexplicably stopped:

Factually true, or false?

Neither. It is histrionic and insulting. Sigmund Freud, as I perhaps imperfectly recall, at one point in his controversial book, Moses and Monotheism, places the word host in quotation marks and reminds his readers that there had been a Jewish Community in Cologne since the time of the (pre-Christian) Roman Empire, well before the Germanic (later half-converted, ill-baptized) barbarians claimed it as their own.

At the risk, then, of my perhaps continuing to spoil the ongoing Manichean plot between absolute good and evil thus far established in this thread, and if only as it relates to that tyrannical Catholic power referred to above, it might be worth noting this, from Hannah Arendt. The bold emphasis is added, for those who might like to cut to the chase:

◆◆ The turning point had been in the seventeenth century when, during the Thirty Years◆ War [between Protestants and Catholics], precisely because of their dispersion these small, insignificant [Jewish] moneylenders could guarantee the necessary provisions to the mercenary armies of the war-lords in far-away lands and with the aid of small peddlers buy victuals in entire provinces. Since these wars remained half-feudal, more or less private affairs of the princes ◆ the Jews◆ gain in status was very limited and hardly visible. But the number of court Jews increased because now every feudal household needed the equivalent of the court Jew ◆

The Jews had been the purveyors in wars and the servants of kings, but they did not and were not expected to engage in the conflicts themselves. When these conflicts enlarged into national wars, they still remained an international element whose importance and usefulness lay precisely in their not being bound to any national cause. No longer state bankers and purveyors in wars (the last war financed by Jews was the Prussian-Austrian war of 1866, when Bleichroeder helped Bismarck after the latter had been refused the necessary credits by the Prussian Parliament), the Jews had become the financial advisers and assistants in peace treaties and, in a less organized and more indefinite way, the providers of news. The last peace treaties drawn up without Jewish assistance were those of the Congress of Vienna, between the continental powers and France. Bleichroeder◆s role in the peace negotiations between Germany and France in 1871 was already more significant than his help in war, and he rendered even more important services in the late seventies when, through his connections with the Rothschilds, he provided Bismarck with an indirect news channel to Benjamin Disraeli ...

Through the attitude of the [Prussian] Reformers and especially through the

emancipation edict of 1812 [which gave Jews political rights], the special interests of the state in the Jews became manifest in a curious way. The old frank recognition of their usefulness as Jews (Frederick II of Prussia exclaimed, when he heard of possible mass conversion: ♦I hope they won♦t do such a devilish thing!♦) was gone.

(To support this statement by Frederick II, Arendt provides a footnote, #27, which refers to Kleines Jahrbuch des Nutzlichen und Angenehmen fur Israeliten, 1847.)
